

REASONS TO BELONG TO SCA

1. SCA holds the Schipperke standard in our hands. If you want a vote on the standard in the future you must be a member.
2. SCA hosts the premier Schipperke event - our National Specialty – in March, April or May of each year. People and Schipperkes come from all over the world to participate. It is a priceless learning experience and is maintained by the volunteer members. Become a part of this critical activity.
3. SCA breeders, backed by our Code of Ethics and Breeder's Code of Ethics, set the standard for care about the future of the breed. Being an SCA breeder is something that is earned and respected.
4. You will be able to be listed on the Breeder's Listing on the SCA website and in our magazine, *The SCA Bulletin*.
5. You would become eligible for top winning dog awards.
6. SCA is the Parent Club to AKC. Being a member of the parent club gives you an opportunity to understand and impact policies of the AKC through our delegate and other activities such as Judge's Education, Meet the Breeds and canine health.
7. As a member of a Parent Club, one has the opportunity to vote for the judge for the National Specialty show.
8. And the best of all, you have the opportunity to work on any number of committees and meet lots of great people!

For information on becoming a member, go to <http://schipperkeclub-usa.org/schipperke/club-info/membership/>
